SITUATION SUMMARY

Northern California

Presidential Visit, Bay Area (New/Final)

President Obama visits the Bay Area today which will cause some traffic delays due to security. He'll be in downtown San Francisco at the Four Seasons Hotel for a fundraiser for the House Democrats and then early afternoon, he'll travel to Los Altos Hills to another fundraiser at a private residence.

Bully Incident, Vegetation Fire, Shasta County (Final)

Old Bully Choop Road, Community of Igo, Shasta County

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 07/23/14 at 0557 hours:

- SRA
- 12,661 acres, 95% contained
- Shasta County EOC has deactivated.

Significant Weather

- Excessive Heat Warning remains in effect from 1000 hours this morning through 2000 hours Thursday for portions of Imperial and Riverside Counties.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

A weak front will move onshore today, bringing some light rain showers to the redwood coast this morning. High pressure will build in behind the front and this will bring hot and dry conditions to the inland locations, persisting into the weekend.

San Francisco Weather:

A gradual warming trend is expected to begin on Thursday and continue into the upcoming weekend as high pressure builds over the region.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

After another below normal temperature day today expect a warming trend Thursday into the weekend. The Sierra crest will see a slight threat of thunderstorms early next week.

Hanford Weather:

Mostly clear skies over the forecast area as weak high pressure prevails. A warming trend will begin on Thursday and continue into the weekend.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A warming trend will continue through the end of the week as high pressure near the Four Corners region expands west. Triple digit heat is expected starting tomorrow for the desert and some valley locations, and will likely continue into early next week.

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

It will be warmer through the end of the work week as high pressure builds over the four corners region. The hottest days will be Thursday and Friday when high temperatures will be 5 to 10 degrees above normal. A shallow marine layer will moderate temperatures immediately near the coast. Increasing monsoonal moisture over the weekend will bring increasing humidity and a slight chance for showers and thunderstorms over the mountains during the afternoon and evening on Saturday and Sunday.

Southeast California Weather:

Very strong high pressure over the region will continue to produce very hot temperatures through Friday, with some locations approaching, or even reaching daily record highs. At the same time, monsoon moisture will slowly increase over the area, with occasional cloudiness at times. A further increase in the moisture levels, combined with several weak weather disturbances from Mexico, are forecast to increase the chance of afternoon and evening showers and thunderstorms, mainly across Arizona, this weekend, with a reduction in the thunderstorm activity forecast for early next week.

WEATHER

Excessive Heat Warning Today and Thursday

Some Lower Deserts Approaching...or even reaching daily record Highs!

Excessive Heat Forecast

Southeast California...

Southwest Arizona...

South Central Arizona...

Today and Thursday

Deserts 112–118 Degrees!

Take Precautions if Outdoors...

- Drink plenty of water and take frequent breaks
- Try to schedule activities for early morning or after sunset
- Wear light colored and loose fit clothing...and a hat.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday – Friday, 0800-1700 hours.

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- On 7/15/14 the State Water Board passed new regulation to reduce out door urban water use. The regulation makes an exception for health and safety circumstances. Local agencies can ask courts to fine water users up to \$500.00 a day and the SWRCB can fine water agencies up to \$10,000.00 per day. SWRCB will update FAQ's this week.
http://www.swrcb.ca.gov/waterrights/water_issues/programs/drought/faq.shtml
- Reservoir Levels (% capacity): Reservoir Levels as of July 21 remain low, including: Don Pedro 47%; Exchequer 23%; Folsom Lake 43%; Lake Oroville 38%; Millerton Lake 56%; New Melones 28%; Pine Flat 23%; San Luis 26%; Lake Shasta 37%; and Trinity Lake 39%. An update of water levels at other smaller reservoirs is also available.

Situational Summary

- Save our Water. Find easy tips both [indoors](#) and [outdoors](#) and start saving water every day. Tour the California Urban Water Conservation Council's interactive [H2ouse](#) to learn more ways to save water indoors and outdoors! <http://www.saveourh2o.org/tips>
- The 2014 Governor Drought Task Force continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- Cal OES continues to gather drought-related costs from state agencies and local governments.
